

*Exploring New Frontier*

## WHO WE ARE

- 2007** In the year 2007, A M SERVICES came into picture. A M SERVICES Incorporated with its lighting products and services.
- 2008** In 2008 it initiated Research & development by Manufacturing Cinema Equipment Lamp Houses, Rectifiers & Other Products. Market seemed to get more developed in INDIA, Sri Lanka & Nepal by providing Sales & Service of Xenon lamps. We give 24x7 service and Authorized dealers of OSRAM Germany.
- 2009** In 2009, we started supplying Xenon Lamps to Multiplex Cinema Chain.
- 2010** In 2010, we inaugurated corporate office at Ghatkopar, Mumbai.
- 2011** We started manufacturing Solar Stimulation System .
- 2012** We started indulging into Digital Projector & Digital Xenon Lamps, Digital 3D silver Screens. Even in Home Theaters , Screens , Aquatics, Digital Dolby Sound System there was our role in the market handling the competition in wide variety of products.
- 2013** We started manufacturing of 3D Glasses and filters of Digital Projector. We started a new venture Xpro Digital Cinema to redefine cinema in digitalisation.
- 2014** The new innovative Design & Development of New Theaters Space management under the Banner of Xpro was enacted. We pioneer as No 1 Channel Partner of OSRAM Germany for 2011-12.
- 2015** We started providing consultations, sales, supply, installations & maintenance of Rooftop Solar Photovoltaic systems for generation in Energy for Theaters. Turnkey Solution for single to multiplexes. We also successfully completed projects of acoustic at night club, Phoenix Mall, Kurla. We pioneer as No 1 Channel Partner of OSRAM Germany for 2014-15. We started new venture of AM Solution and projects LLP. Dealing in trading and manufacturing of LED lights products.
- 2016** Participated Big Cine Expo. And still the No. 1 Channel Partner for OSRAM Germany for 2016.

## VISION STATEMENT

A M Services shall be an globally respected Indian company dedicated to customer satisfaction through finest quality offerings and setting global standards.

- To be a technology leader and service provider for cinema Industry.
- To be the most respected brands.
- To be the best team & place to work at.
- To be the fastest growing & most profitable business.

## MISSION STATEMENT

To enhance the Cinema industry by providing Advance Technology Solutions.

## VALUES

- **Customer Satisfaction:** We believe in Providing Excellent service to all Customers by maintaining equal respect & healthy relationship all the time.
- **Growth:** We strive towards the continuous growth of our organization, employees & associates with never-ending upgradations at regular intervals.
- **Teamwork:** We are a team working together in a free environment for the growth of company. Integrity- we are Ethical and sincere in all our transactions.

Light Is Magic  
XBO Creating Stars

# PASSIVE POLARIZED 3D SYSTEM

Singal Cable	D-Sub Jack 37Pin to 3Pin MiniDin 3Pin to MinDin3Pin
Applied Projector	DLP-Link Projector
Applied Server	Digital Cinema server certified by DCI
Applied Screen	Metal silver screen with above 2.0 gain
Storage Temp	-10°-65°C
Working Temp	-5°-50°C
Automatic :	Automatic 2D to 3D and 3D to 2D
Compatibility	All 2K/4K
Projectors	Christie / Barco / NEC
Color	Black
Polarized Type	Circular Polarized
Working Frequency	96-200Hz, Support the main stream 24 frame movice, also above 48
Light Valve Transmittance	42%±1%
Light Use Efficiency	18%±1%
Ghoasting Rate	Bright and Low Ghoast 3D <1.5%
Light Response Time	<150μs
Input	AC 100-240V 1.6A 50`60HZ
Output	DC24V/3A
Working Life	>80000 hrs
Big Screen	<input type="checkbox"/>

# XPRO MINI HOME THEATER 3D 4D 5D 6D 7D POLARIZER SYSTEM

Product Dimension	156* 120*96mm
Light Value size	86*67mm
Weight	500g
Optical efficiency	16%
Contrast	100:1
Maximum Power	6000 lumens
Power	500mW
Largest Switching Speed	150Hz(VESA)
Operating Tem	+10°C to +65°C
Strong Temp	+30°C to + 65°C

# ULTRA HIGH LIGHT EFFICIENCY PASSIVE CINEMA SYSTEM USED IN 3D, 5D, 7D THEATER

Triple Beams Light

Product size	358* 108* 399mm
Light Transmittance	77%±1
Optical Effecacy	32%±1
Ghost	Bright and Low Ghoast
	3D <1.5%
Crosstalk	<1.2%
TMS	Support
Transmittance	>=1.0
Operating Frequency	96Hz~200Hz
Signall Input Interface	SubD37/9
Input Voltage	AC110/240V 50/60Hz
Operating Temp	-10°C~+60Hz
Storage Temp	-20°C~ +70°C
Working Life	>50000 hrs
Big Screen	<input type="checkbox"/>

DCI Approved

## Xpro Cinema Passive 3D GLASSES

Size	150*165*48mm
Material	ABS Frame TAC 0.26 mm filter lense
Protect	Uv400
Weight	25g/pc

XPRO 01

XPRO 02

XPRO 03

3D glasses with organisation name printed is also possible.

# SILVER SCREEN FOR 3D

We are providing 3D silver screen with higher gain from 2.4 to 3.3 gain .

- PVC (Fire Proof) Cloth Material
- High -Frequency adjoining method with thickness 0.3mm
- 1.2 mm size of the sound hole with standard perforation Web and Eye
- Eyelet spacing 200mm.( Adjustable )
- Maximum size 32 meter X 17 meter Manufactured in Korea .

Pearl Screen

Silver Screen

White Screen

## STEP LIGHT

We are offering a finest quality assortment of LED STEP LIGHT. These products are widely demanded by the clients for their durability and easy installation. The offered products are suitable to illuminate various places.

### Features

- Better Illumination
- High Durability
- Perfect Finish

## LIGHT BOX / ACRYLIC SIGNAGES

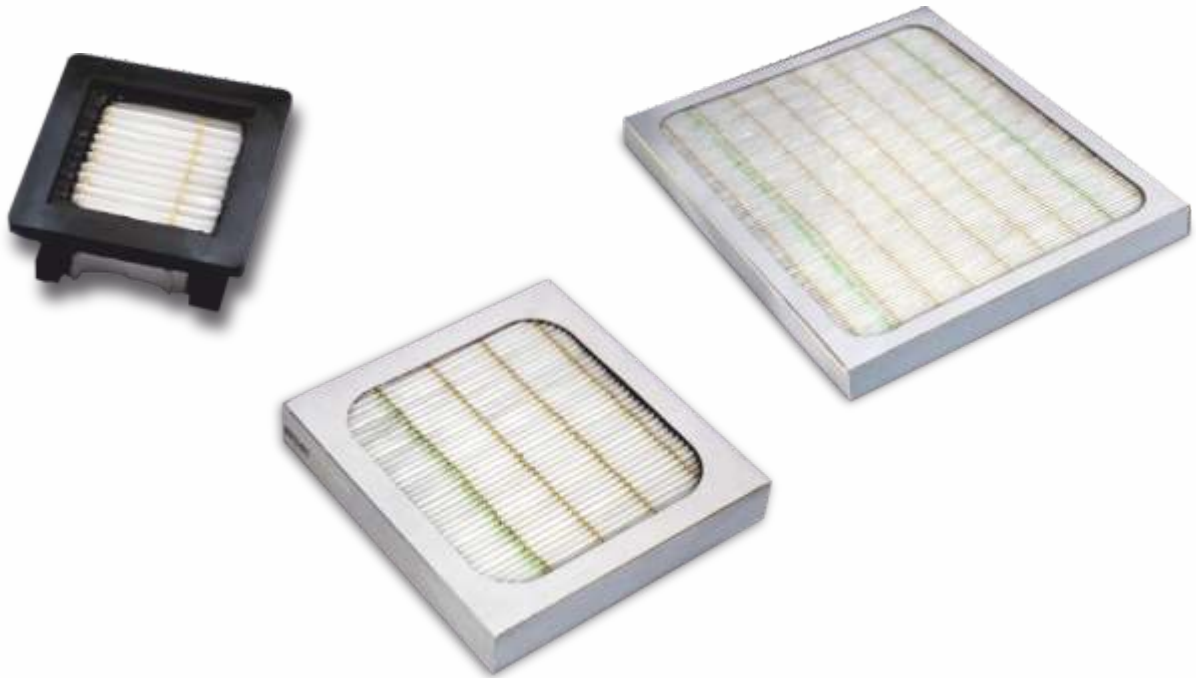

We provide LED Light Box as per the client's requirement and it is available in customise size also. Light Boxes can be used in many different

Applications:

- Bus Stop
- Railroad Station
- Department Stores
- Movie Theater
- Airports

## DIGITAL 3D FILTER

We supply filter compatible with all major brands of projector

## DIGITAL PROJECTOR REFLECTOR

# DIGITAL CINEMA PROJECTOR ASSOCIATED ACCESSORIES

## FLEXIBLE DUCTING

## EXHAUST FAN

## THEATER RENOVATION

### Service Provided

- Acoustic wall paneling
- Acoustic soundproof entry / exit door
- Panelling wall fabric
- Soundproof false ceiling
- Staggered steps flooring
- Premium chairs
- Grand lobby design
- Food court
- Booking office

## CINEMA ENTRANCES

## AUDITORIUMS

# ACOUSTIC

## FUNCTION

- Thermal insulation and sound insulation
- Fire retardant
- Light weight, easy and safe for installation
- Eco-friendly
- Water-proof, space and sound insulation is stable even get wet
- Can be secondary used
- Melting point: 250oC
- Sound Absorption properties for 1000 GSM Absorb Wool is 0.8 NRC

## STANDARD SIZE

Type	Size in Meter	Per Roll Sqft
1000 GSM x 50 mm	15 x 1.2	194
500 GSM x 50 mm	15 x 1.2	194
300 GSM x 10 mm	15 x 1.2	194
300 GSM x 10 mm	20 x 1.2	258
300 GSM x 10 mm	30 x 1.2	387
300 GSM x 10 mm	50 x 1.2	646

## Detailed Product Description & Specifications

Material	Polyester
Color	White
Thickness	10-50mm
GSM	300-1500
Composition	100% polyester fiber
Other size	Customize
Fire Retardant	Yes
Eco-friendly	Yes
Usage	Wall, Ceiling, Interlayer etc.

# TMS SYSTEMS

## Video Switches

ATEN video switches allow you to conveniently display the video output of 1 to 8 high resolution computer or source devices on a single monitor. All models offer easy source selection via pushbuttons, RS-232 or IR remote control, meaning you never have to reach behind the monitor. With support for the full range of video standards and many models with audio functionality.

## Video Splitters

ATEN video splitters not duplicate video source to multiple outputs but also boost the signal so it can be sent over long distances with degradation. Multiple splitters can be cascaded up to three levels to provide a high number of displays in multiple locations. Models with audio functionality are available.

## Video Matrix Switches

ATEN video matrix switches route and amplify A/V signals from multiple sources to multiple destinations, allowing you to extend your installation up to 70 m while maintaining excellent video quality. Front panel pushbuttons allow you to select the video input to video output connections. They can also be cascaded with ATEN video splitters for even more displays. ATEN video matrix switches are ideal for presentations and applications that require information from multiple source devices to be delivered to multiple screens and/or projectors – in locations such as information control centers or customer service centers.

## Video Extenders

ATEN Video Extenders use Cat 5e of fiber cables to allow you to extend the distance between the source device and displays in your video installations by up to 300 or 20 km, making them ideal for applications where remote video displays are required. Video Extenders allow you to place computers or source devices in a secure location, or where they are protected from harsh environment, or simply when the display device needs to be at a distance from the source.

## Video Converter

ATEN Video Converters allow you to connect a video source device to display devices of your choice, equipped with different video interfaces. We provide simple single port-to-port converters which enable you to connect VGA based devices to DVI / HDMI digital displays, and universal interface products which integrate multiple devices inputs into a single box for easy converting of various analog-to-digital audio/video signals.

## Media Distribution Solution Series

ATEN's Media Distribution Solutions (MDS) are a cost effective way to send high quality HDMI content over a Cat 5e cable to multiple displays from a single input source. Flexible and scalable, these solutions give you the freedom to set up any kind of high quality video display customized for various applications from retail media to public information systems.

## DisplayPort Cable

(2,3,5m)

ATEN DisplayPort Cable provides high-definition connectivity and advanced auxiliary channeling. Our DisplayPort cables support long distance connections by safeguarding transmission quality and image clarity. We offer DisplayPort cables at lengths of 2 to 5 meters supporting resolutions up to 4K UHD (3840 x 2160 @ 60Hz).

## High Speed HDMI Cable with Ethernet

( 2, 3, 5, 10, 15, 20 m )

ATEN High Speed HDMI Cable with Ethernet provides an uncompressed, all-digital interface for both audio and video signals. Our cables infuse high-quality tinned copper wire to resist interference for improved image clarity. We offer HDMI cable at lengths of 2 to 20 meters with resolutions up to 4K DCI (4096 x 2160 @ 30Hz).

## Dual-link DVI Cable

(3, 5, 10 m )

ATEN Dual-link DVI Cable provides superior transmission of WQXGA video through an advanced tinned copper architecture. Our DVI cables support long-distance connections by safeguarding transmission quality and image clarity. We offer DVI cable at lengths of 3 to 10 meters with resolutions up to 2560 x 1600 @ 60Hz.
